

My dearest —
Thursday and
Friday
Sept 20 - 21.

Dearest Beloved,

Had a busy day and relaxed in the evening by going to the movies to see "The Wife" with Claudette Colbert and Rex Brinkley. The picture was fair and a bit amusing.

Jimmie and I are fine, miss you so much and hope the days fly until you arrive home. Since Tuesday we've been helping Bess with the house and most everything is in its place and my things are about packed and ready for the car. Jim and I are also homesick and I do wish Bess would hurry a bit. There's Jim's birthday next week and already he's received a card from baby Marvin (Tohy). Oh well, the best laid plans — etc —

You must be on your way back to camp now and I do hope you had a most pleasant holiday with Frank and his family. Anything that will help you pass time quickly is most welcome at this stage of your career.

Most of the day it was cloudy but turned mild afternoon. Jim, Jim and Mom went into town for ice cream. I re-turned some magazines and books to the local library and later took our car into a garage for a check-up and good job. Car will be ready to-morrow — so I left it there overnight.

The postman brought no mail from you but I did get a letter from Eleanor. She's fine, is kept very busy and spoke to the folks this week. All's well and Bob may be in for 2 weeks furlough.

It's now 10.45 and I'm too tired to sit up for the latest news so good-night, dearest pleasant dreams and I love you so much. Tell my love and devotion to you and hugs and kisses from Jimmie and Mommy. Best regards from the family.

Love,
Frank

Good morning, darling. Jimmie and I are feeling very chipper and hope you're that way too. The sun is shining and all appears very cozy this morning. Time to eat breakfast and join Bess so until later, all my love.

A used refrigerator was brought in by the and what a relief it is. Now we can store food and not worry about it. Jimmie and Jan played in the park most of the morning and I had lots of little jobs to do. Only mail today was your regular mail dated Sept 1st with some valuable Hitler stamps. I'll preserve all you've sent.

The car is fine now and seems to be in perfect condition. I had it out for a spin and it runs so smoothly. I'll get the license when I get back to the city.

All is well here and Jimmie and Jan are inseparable. The cat and dog get along O.K. and some kids told us they saw Bones down a side street. If he has a good home, I'll not bother to retrieve him.

The papers are full of good news again and it's possible you may be discharged earlier than we think. Paints are being lowered by Oct 1st and Nov 1st to 70 and 60 respectively. You'll probably get the same news.

Weather is nice tonight, not too cold and there's a nice big yellow moon out tonight. Oh, how I miss you, darling. H/U probably be a Christmas holiday for us and that's something to look forward to.

Jim is fine, looks well and is fast asleep since 6.30. I'll be turning in soon after I read the day's papers. Bess, My and Mom are here talking, we're eating fruit and candy and listening to the radio.

Stay well, dearest, and all the love that's in my heart is yours. This is my year, don't forget. Kisses and hugs from Jim. Best wishes from all the family.

Love,
Theresa
